•Nadakiku Sake Brewery(Japanese cuisine)

• Sake Brewery Tour / Shopping

Tour Duration : 15~20 minutes / Shopping and tasting

Himeji Castle is a **UNESCO World Heritage Site** and a national treasure.

This architectural masterpiece, with a history of over 400 years, is known by the nickname "**Shirasagi-jo**" (**White Heron Castle**) due to its beautiful white exterior and intricate design, making it one of the most spectacular castles in Japan.

In addition to its stunning appearance, you can also enjoy a panoramic view from the top floor.

Adjacent to Himeji Castle is **Kokoen**, a garden composed of nine smaller and larger garden areas, utilizing the layout of the former residences and pathways, along with tree-lined approaches and open spaces. This **creates an elegant landscape where history and nature harmonize**, allowing you to **enjoy the serene aspects of Japanese culture**.

After enjoying the architecture, you will have the opportunity to experience traditional Japanese sake at

Nadagiku Sake Brewery.

Here, you will tour the wooden sake-making facilities that have been preserved since its founding, followed by some shopping time. **You can also enjoy sake tasting.**

Additionally, dinner will be served at this sake brewery.
